**Pending – Your request is processing, but your book is still on the shelf at the public library.**

**In Queue – You are on the waiting list for this item. The number next to "Position" will tell you how far down the list you are. Remember, the public library has multiple copies of many items, so you may move down the list more quickly than you think. This number will be updated as you move up in the line!**

**In Transit – Your item is on its way to the downtown library so they can check it out to you!**

Your item will appear under "Checked Out Items" (the first screen we looked at) when it leaves the downtown library and is sent on its way to Overton! When the item moves to your "Checked Out" screen, it will usually arrive at Overton in 1-2 days.
